## Professional Summary

Passionate Python Developer with 6+ years of experience in designing, developing, and deploying scalable web applications. Proficient in backend development, API integration, and automation scripting. Strong problem-solving skills and a deep understanding of software architecture and best coding practices.

## Professional Experience

**Senior Python Developer** – Tech Solutions Ltd (2020 - Present)
• Developed RESTful APIs using Flask and Django.
• Led a team of 4 developers to deliver high-quality software on time.
• Implemented automated testing pipelines using PyTest and GitHub Actions.
• Integrated third-party APIs and optimized database queries for better performance.

**Python Developer** – Innovatech Software (2016 - 2020)
• Built data processing pipelines using Pandas and SQLAlchemy.
• Developed internal tools to automate data entry and reporting processes.
• Collaborated with front-end developers to integrate back-end logic into web applications.

## Education

**BSc in Computer Science** – University of Oxford (2012 - 2016)

## Technical Skills

• Python, Django, Flask, FastAPI
• SQL (PostgreSQL, MySQL), NoSQL (MongoDB)
• REST API design and integration
• Pandas, NumPy, Matplotlib
• Git, Docker, CI/CD pipelines
• Linux/Unix systems
• Unit testing and TDD
• Cloud: AWS, Azure

## Languages

• English – Native
• German – Intermediate
